## **Bid # 2016-1206**

### West Valley Fire Department

510 E. Vinton Rd.

Vinton, TX 79821

Quote needed for electrical repair to damaged underground conduit:

- Will need to dig down to locate underground conduit to make necessary repairs near hydrant where concrete pad is located.
- Will need to install floor boxes. Boxes must be water tight where necessary and pull new wire through conduit that has been removed approximately 235' in length between poles to restore power to light poles.
- All labor materials will be provided by bidder.
- Troubleshooting of pole lights may be necessary, include quote with and without possible troubleshooting.

Must show proof of electrical license and copy of company insurance and or bond. Any and all damages must be reported to Chief Esparza immediately. Must have proof of call before you dig test prior to any work being performed.

Please submit quotes to:
